“ John will be missed by many. He always had a smile or a joke to tell. Many times, it seemed that he always had something go wrong but he always “came up smelling like roses”. His mother used to say that about him all the time. He always could fix anything or at least get someone to fix it. He taught Mark how to do many things in his own house. His knowledge he gave Mark will help him and he always tells me that he learned it from John. Shaughn and Teressa have many of his characteristics. John will live on in them plus all the other people he came in contact with. Mari was great for him. She kept him grounded, as much as she could. Now John is in no pain and relaxing. We will never forget him. I know I won't.

“ John was a wonderful part of my niece and nephews life. He will always be remembered by me as a big brother I never had. He was a smile waiting to happen or a prank on my mother and I. My heart breaks for all of those who new John. I will also remember the many times that when he lived in NY that he babysat my oldest and my son would come home with another set of clothes (cause they played in the mud) or a bandage on him because boys will be boys. But I knew that my son was taken care of and had fun. My thoughts and prayers go out to all of us.
