“ Yvonne you were such a loving light to so many, you fed people , you allowed people to live with you, your heart was as big as the world! You are missed here, but your heavenly father missed you too..that is why he sent for you, you belong to him..he just let us have your light for a season. Your family's life is forever changed..but I want them to realize through all the pain that you really were an angel sent here to touch so many lives and then go back home to heaven,
I love you, you and your sisters, my besties, made me feel like I was a "black" Gago family member, all your nieces and nephews I have adopted as mine as well.
I will forever have you in my heart and soul... Your sister from another mother-Deidra aka "Dee"

“ I will always remember us arguing in front of the gas station about who was getting off the car and going into the store for what we needed. I remember you being so feisty and giving me the stare down as we laughed our behinds off. I gave in, I went inside and we laughed the entire time as I walked away from the car. I love you Yvonne. You will always be in my heart.

“ To my Gago family I know there is no words right now to ease your pain but I know God will get you all through this difficult time. I believe strongly that miija was put on this earth even with a second chance to fulfill her purpose, the love, compassion, commitment and her beautiful smile and her laugh shined through everyone, family and friends. The respect she showed me I will never forget she cracked me up even though she knew we were cousins she still called me tia..this girl...lol until we see each other again our Angel above.
