“ My uncle Amador was one of the most genuine people that I know. From as far back as I can remember my times with him, it's been nothing but good memories. His last couple of years here weren't his best self but it made him even more authentic, it showed me that everyone has some type of struggle in their life but with hard work you can overcome it. He had a sense of humor with a laugh to match that made it contagious, everyone around him always was either laughing at or with him. He is going to be truly missed but on the bright side I know it's not forever because all good things must come to an end and someday I know my time will come and we will be reunited. I love you tio, with all of my heart!!

"In loving memory of Amador, who brought so much laughter and joy into our lives. He was more than a brother-in-law; he was like my baby brother and a beloved friend. His incredible sense of humor and warm spirit will be missed tremendously by all of us. This isn't a goodbye, but a heartfelt 'see you later.' We will cherish the memories we've created together, and his laughter will forever echo in our hearts, especially in the joy of our children who adored him. Now, he is reunited with my beloved brother Baida. Thank you for the light you brought into our lives, Amador. You will always be remembered and loved."
