“ My wonderful memories of you Angel was the first time ; my sister brought you home for Christmas. You were pleasant and my mother & father and the rest of us loved you right from the beginning! You became a part of our family when you got together with my sister. You have always been so funny, kind and compassionate. All the family and friends you have touched throughout your life’s journey, will miss you dearly but we know that we will all be together again. RIP my dear brother-in-law.
