

## Ariel Stella Lopez

June 28, 2018 - April 30, 2020

Ariel Stella Lopez

passed away on April 30th, 2020. There are many words to describe Ariel, but she is known for her beautiful smile, determination and her will to be a fighter. Even though Ariel has had some complications in her life, nothing had ever stopped her from being who she is. Ariel was always happy and smiling with joy and cheer, and with that she melted our hearts deeply. She loved to play around and spin and circles, making funny faces and sounds. Ariel has had her own series of TV shows she enjoyed watching, but this one particular show on Netflix “Word Party” was her favorite. Her face would glow and her smile, blushing when she saw the characters appear. We will deeply truly miss our angel, we will forever miss her in our presence. We know she is up in heaven where she is free of all her complications she had here on Earth. Ariel has impacted our lives not only because she is no longer here, but because she has shown us more meaning to life.

Ariel is survived by her parents Oscar and Bianka Lopez, along with her siblings Emma, Hailey & Misael

“ It was a privilege to have the opportunity to be one of Ariel’s nurses last year. Taking care of such a happy baby, that was in the most loving family, was an honor. Ariel was not only happy all the time but sassy all the time. She loved to give me a hard time and I loved it too. Even when she wasn’t feeling well, it just meant extra hugs from a sweet baby that was an awesome hugger. No matter how tired I was from my other job, it all melted away when I arrived to take care of Ariel. She brought out the best in everyone around her. As a nurse, times of sadness in my job will always be inevitable. However, the loss of such a beautiful spirit has been devastating and it has left a permanent hole in my heart.

“ Ariel had a smile that would melt your heart. Her determination and “I can do it” personality spiraled her to succeed at any challenge. She gave the best cuddles and I especially loved the twinkle in her eyes and her playful grin. Ariel - it was an honor to be your teacher and I will never forget you.
