“ Hi, Dad it's almost been 3 years since God called you home. I think about you every day. Your face is the last image I see before bed and the first to wake up. I catch myself talking to you? Yeah know I'm weird.. lol in a sense a lot of people actually do it. I wish you were here.. So many things I want to ask you. Recently my uncle Victor passed away. And it brought back a lot of painful memories. My cousin Laura, Adan and Anna were so hurt. But My Tia Letty was inconsolable it was painful to see. I know what they were feeling. And life is too short, I have a different perception on life now. I miss and love you tremendously. Love Always your daughter Patricia.

“ Each day that passes by feels like a dream. The whole world is moving, but I'm stuck in a worm hole. I miss you so much Dad. When I lay down at night your face is what I look at every night. And when I wake up. There's so much I want to tell you. Just about my dad or the girls, How they are doing in school etc. I can't wrap my head around the fact that your not here to see. I pinch myself sometimes to see if I wake up from the nightmare. We all miss you dad. It's not the same. There's moments where I get mad, sad every emotion you can think of...Earlier today I passed by Texas Roadhouse that's where I celebrated my birthday last year with you. I swore I saw you smoking a cigarette by a car. Cause that's what you were doing when we drove off. I was so happy to share it with you and Daniella. Cause our bdays are a day apart. So you got a gift to share with us. I remember sitting with you and our conversation with all of us. I remember like it was yesterday. I love you Dad.

“ I wish I can call you Dad... I stare at my phone and want to dial your number. The thought of not seeing you breaks me. I would give anything to hear you laugh again. You are constantly on my mind Dad. I wish I can time travel and go back to when I was small. We would go park by the airport and watch all the planes land while eating McDonald's. You were the best dad always made sure we were happy. I remember one year for my Birthday you bought me a pink dress with matching socks, shoes. lol I didn't want to take it off. I remember when you took me to Disneyland it was so much fun. I miss you so much. 😭❤️❤️ I pretend you are working. But then I come back to reality. I love you Daddy ❤️
