“ *Becky was an amazing second mom & grandma to me and my family. Her presence will be sorely missed. She was so chatty and always had something to say, she also was really giving, I would only mention something in passing that I needed, and next time I saw her, she would have found it (such as a utensil basket for a dishwasher)! She also was always thinking of her grandbabies as well. Before she passed she had made the girls easter baskets without even knowing if we would see them soon. I also had the honor of giving her her first grandbaby and letting her be there when I gave birth. All though I drove everyone crazy watching 2 seasons of family guy. :)*

Sharing Memories:

One of my recent fond memories with Becky was an exchange between her and my daughter Linzy(7yr) over Christmas break. We were visiting, and as usual my daughter was wailing and complaining about not getting her way. So Becky antagonized her, wailing with her and saying "I can be louder! Your not going to win!" They escalated until they both ended up laying down on the bed, with Becky holding her telling her that she loved her and that her attitude and wailing was unnecessary.

We love her immensely, and will miss her joyful nature. I've been so lucky and so blessed to have her as my mother in law. Thank you Becky, for everything.
