“ Terri,
I remember the first time I met you and Chuck. You were both very welcoming and warm to me. I'm so sorry for your loss and will continue to pray for your comfort.

“ *I always remember Chuck laughing and so many late nights playing darts. Chuck was always very generous I remember the time he let me use his motor and transmission he was going to put in his 40 Plymouth. We installed it in my stockcar and I was able to run an race. So many memories. He will be missed. R.I.P bro.*
