“ *You are a friend dear to my heart. I love you and will always keep our memories close. Our connection, our friendship, and our short time together was something that was rare in a life time. We helped each other in a time in our lives when we were almost at a rock bottom. And lifted ourselves up with support from family but from each other in that instant we met. I love you Chelsea and my heart hurts that I never got to hug you again and laugh with you.... until we meet again angel... Rest in paradise lovely soul. You were a rare person with the biggest heart, you made everyone feel like a friend and like they matter and it was the most realist gesture I've seen because your were so genuine in all of your actions. I love you friend. Thinking of you always.*
