ME

“ When Colleen and I were in Medical Assisting school together was an amazing time for us both. I was in LA doing a competition for MA's. I no soon got home and she told me to change my clothes we had tickets to a charity baseball game. The crew and stars from Road House were playing KISS country staff played. We met Patrick Swayze and Sam Elliott and got pictures with Sam. We had such a good time together that day and many many days before and after.

I can truly say she will be missed and was loved. Rest Colleen I'll see you at super.

*Love you,
Mary.*
