“ *David was my buddy at Apple Valley Unified. He always had us laughing. One thing in particular he did, which I will never forget, is strap his mattresses to the top of his little blue car to take back home. It was hilarious and such a David thing to do. He always had something funny to say and had lots of great stories to share. I know he will have everyone in heaven laughing too. I will miss him.*

*My heartfelt condolences to his family.*

“ I am so glad to have really gotten to know Dave during his time at Willow Creek Health Care Center. My husband Jerry was fortunate to work with Dave at Madera Unified but I only knew him socially until he was admitted to Willow Creek Express Recovery Unit, where I was the Director of Rehabilitation, for physical and occupational therapy. We all found him to be smart, funny, quick to wit, and very sweet. He left a lasting impression on all of the therapy staff, whether they worked directly with him or just encountered him in the gym. He always flashed a big beautiful smile as he greeted everyone and we were truly excited for Dave when he got well enough to go back home. We have been deeply saddened to hear of his passing and send our sincerest thoughts and prayers to his family during this very difficult time. May God bless you all,  
Jerry and Rhonda Stehman
