“ *I've hunted for you for years, Debbi. My heart is filled with memories. I miss you, sweet friend. I'm so sorry you are gone. I loved you like a sister. There was a lifetime of catching up to do. I'm so sorry the years and miles separated us like it did. I have kept your last card to me from 1999 where you asked me to call, but you never gave a number. I hope you greet me in heaven.*
