“ *Diana was my big sister, my children's Nana as they called her. (They all adored you) She was always there for my family. Especially when my Eddie was little (He treasured his nana), and he will miss her so much. I will always treasure our pizza nights, our Sunday shows, the great talks, the silly jokes, and the great advice and support you would give. I love you and will miss you my wonderful sister. ❤️❤️❤️❤️ Rest in peace... Michelle & Edward, The Lopez Family*

“ *My mother was a huge part of my life that is now empty. I miss her so much. I know she is in heaven with my brother and jackie and wedo, and there having a great time and i will picture that in my head forever. She is a one in a million, a person who cared for people and animals in need. I will miss you always. Love you mom forever vaya con dios.*

“ Diana was my big sister who was always there, to laugh and joke with. Being generous with her nieces and nephews whenever she could. Always being supportive and she loved giving advice. She loved her two boys and was their advocate in all things. Diana loved her travels to Baja and visiting with her other siblings. She enjoyed her taco's and her pets.

Most of all she was a great sister, a good daughter and wonderful mother. We miss you so much. ❤️ Rest In Peace, Diana. 🙏 God called you home so you wouldn't suffer any more. ❤️ Until we meet again, We love and miss you!

“ Diana a wonderful Sister and Mother. 😊 You were a pillar of strength for those that needed encouragement and understanding. I will always be grateful for your Love and support, 😭 and I will miss you to the moon 🌙 and back 🌙 😭

My sister and friend until we see each other again. I will hold onto the memories and smile for a Sister that cared and brought humor into our lives with stories and jokes to keep us on our toes during some rough moments! 😊 Forever grateful.

I love you lady !

😎❤️🌻: 1: 😭

God Bless You and Father God Loves his children and welcomes them home ...what a blessing💖🙌

Thank you...Rest in Peace

We love you! 💖👨👩👧👦👧♀
