“ *One time that I remember very clearly is when in the 1960's I had a new Chevy Covair and my brother Mundo borrowed it and smashed it beyond repair. As he sat at home nursing his wounds I remember Ruth coming over to visit the sick sailor and comfort him in his hour of need. I was pretty mad about my car, but remember how concern Ruth was as she on the edge of the couch visiting my brother. Mundo was always a mischievous little guy, but he was my little brother and maybe that's why I teased all the time. Say " Hi " to all the family for me Mundo. Love your sister, Alma.*

“ I will always remember how I teased my little brother when we were young. I would lock him out of the house and when he was finally able to come into the house he would go after me to hit me---once he hit me with a hammer on the head, I still have a ball spot on my head. I will always remember Mundo, my little brother. Say " Hi " to Arthur for me. Love you always, your sister Alma
