“ I thank God for the opportunity I was given to become your friend. There are no words to describe the emptiness of you no longer being here. I enjoyed every moment to every wild adventure we went on sometimes it would be you saying let's go or me saying come on Rita!! You would have me cracking up laughing so hard I would forget what I was laughing at in the first place. The times we laughed so hard almost peeing in our pants to you yelling at me to stop laughing and I couldn't because each time you told me to stop I laughed harder. Thank you for being there to share in the most important times in my life with my grandma taking her to post office so she could mail her publisher clearing house. To see my uncle Maxie and sing him happy birthday. For the birth of my pop ups Christian. For the many of times I just needed to vent you were the friend to hear me out and I appreciate the support, love, laughter, care, words of wisdom and encouragement to lift me up when I was down. For being referee when me and G were fighting, our casino trips, taking me home with you and I didn't have no one else to go. You truly are going to be missed so much by so many and I thank God I was able to share in making so many memories with you!!! Love you my friend Rita. (You as Dora from Nemo “who are we looking for again” just keep swimming!!) lol!!
