“ Dear Fred, I met you at CEP in 1979 when I had found out that electroplating was cheap compared to chrome plating. I was 17 you were probably 32-33 years old. You were so easy to talk with and make friends with. At that time I was building my first 68 mustang and had brought in some sway bars, valve covers and hood hinges etc. I remember you said is that all? I said yeah, and then you said 40 bucks, but then you said i could bring in a 5 gallon bucket full of parts or nuts and bolts and a pallet load of bigger parts anything I wanted and it might only be a little more cost. From that point on I always brought enough things to electroplate to make it worth your time of keeping track of. I remember seeing your medals from your time in Vietnam eventually we would hang out some and just shoot the bull about life. You knew me as your nick name for me which was Mustang Kid, if I called down to CEP I would tell them its the Mustang Kid asking for Fred... You always treated your friends like family! To the Rendon Family, Fred was a great guy! He knew most of Fresno and I think everyone thought the world of Fred. I will miss you big Brother, thanks for all of the time and interest you provided. GOD Bless you always. Curt Partain the Mustang Kid
