Tribute Wall

“ To the Family of Frank Sanchez. We are very sorry to hear the passing of Frank & would like to extend our prayers & condolences. Frank was always a kind person to us. He greeted us with open arms & always a story to tell. The last time we spoke with Frank, he mentioned he was doing well. So goes life, you think friends will always be there when it's convenient for you to visit. We're sorry we didn't reach out sooner. We were honored to be called friends of yours & pray that the family find peace & calmness & especially understanding with your passing. You're whole again. We'll meet one day to give you the biggest hugs, but until that day, please know we loved you & pray you RIP knowing you were loved by many. Your friends, John & Jennie Sanchez
