“ *I have known Gary since elementary school. He was every girl's dream. He had that Classic Surfer boy look and the sweetest heart to go with it. In high-school Melissa got the dream. I moved out of state almost four decades ago so I rarely saw Gary. We have brothers who are close friends so we'd hear about each other through them. Then August of 2017, Gary and his close family friend, Tommy, came up to spend several days to see the solar eclipse. Our farm was in the path of totality. His plans changed and they showed up early. I had commitments elsewhere so I wouldn't be able to be there till that night. He'd never met my husband before. I was afraid for half that day they would be wondering what to say to each other. I got home and it was like I wasn't even present. They were all talking and laughing like they were the best of friends. Other showed up on August 21st and we all experience the unforgettable event of the total solar eclipse. I was glad Gary took the effort to drive to Oregon and get to know our family and place. May you rest in peace Gary.
