“ Will I was ask to write your theology what do I say about you for Bert. I know life is not going to be the same without you here. You've been the only dad I've known my whole life and the one person that could count on my whole life. I love and miss you so much every day. I enjoyed all the wonderful memories

I am glad we finally made it to two races lat year and glad. It was funny how you get so frustrated where's Grandma and Johnny on driving directions the only one that could give you directions without getting cursed out with me. Wehen we where coming home from Sonoma race. It was funny when we got lost coming home from the Fontana race and Johnny said he saw a dinosaur 🦖 and we all laughed about it because none of us seen the dinosaur . I spent the time I did with you. The talked we had and the family time. This one is the hardest lost that I have had in my life I think this one was worst then when I lost Nana.q
