“ *Think about u a lot lately and climbing in ur windows when we got locked out of ur dads house.
I've heard it said
That people come into our lives
For a reason
Bringing something we must learn
And we are led to those
Who help us most to grow if we let them
And we help them in return
Well, I don't know if I believe that's true
But I know I'm who I am today
Because I knew you*

“ I remember staying the night when we were kids. She had this old old record player from school that we used in grade school & thought how cool she was to have one!!!! A lot of good memories with smiles of Helen. Wish I could be there to say goodbye but it's not goodbye. Helen is there as a beautiful angel to watch over all of us.

“ *I met Helen on the telephone over 14 years ago when she began employment with the American Arbitration Association as a case manager. In time she became a case manager par excellence. I have never met Helen face-to-face. It came to be that when she was the case manager I never worried about the administration of a case because I had complete confidence in Helen and her judgment as an administrator. Her strong trait? She cared about the people who came to AAA for services, and she was very good at keeping people calm! The very best of wishes and prayers for Michael and her children. Rest In Peace, Helen - and thank you for being you.*
