“ *Nino Robert, my heart still aches! It was your time, heaven needed you more💙 I will forever cherish the memories of my mom n dad taking me to visit you and all the stuffed animals you gave me. Thank you for visiting me and Ben, always making sure he would take me to spend time in pismo and staying in your trailer. You were known to be grumpy lol, you never were with me..I'll cherish the hugs you gave me! It was an honor to have you as my Godfather and call you Nino'..until we meet again, love you always Nino* 🙏💙

“ Uncle Robert this is so unreal .. I will truly miss your presence ! It’s gonna be so hard you not right there across from my mom & dad I’m going to imagine your still there ! I will still drive by and say “hey what’s up Robert “ as I’ve always done , and treasure the last day being with you taking you home from hospital few days before heaven called you home! I will never forget you and think of you everytime I make potato salad your favorite for super bowl every year ! I will hold memories of you close of things you’ve done around my house you were our call to electrician ! Thank you for being there for my mom all time calling me when she walked to your house ! And most of all looking out for my dad you remind me in so many ways of him ! Stubborn of course ! Jazlyn will remember all the times you thought of her with her juices growing up & John Marshall will treasure the trade of hard work when he helped you growing up in them hot summers ! You will forever be missed uncle Robert and everytime I go to pismo & the veteran parades I will Always remember you !!!!! Stay shining above us uncle Robert until we meet again ! Your niece Sonia ... ❤️❤️❤️
