“ *I got to enjoy a few Wawona Middle School Mentor lunch meetings with Jan along with our students and other Mentors. He struck me as a gentle giant, intensely interested in making connections with kids, and a faithful follower of Christ. He will be sorely missed by many in this world but now has his forever wings and is enjoying all that heaven can offer. Blessings, peace and healing to Denise and family, and to those kids that he had a relationship with.*

“ I knew Jan from the Mentorship program at Wawona school. I remember the first day I met him at a meeting for future mentors and he asked if he could bring to school his self propelled flying plane to show his future mentee. He brought that plane often and I often thought “what a wonderful ice breaker and cool thing to share.” Then he continued his awesomeness by bringing his dog “Bodin” (spell?) and showing his mentee how to teach his dog tricks. Jan was like the super hero of being a mentor! I’m so sad and he will be dearly missed. However I can’t help but think the kids he helped out and their hearts he touched will live on because they knew him and felt his compassion for them. My heart has been touched by knowing him. Too soon and too young my friend but I am at peace knowing you are with our Heavenly Father!
