“ *Dear Jason, Lisa, Karen, and families,  
I've known Jan for well over 45 years as a client, and then as a friend. Over time, we shared with each other many of life's milestones as you three were growing up and as we faced what new "adventure" life had in store. Your mom was always there for me with a smile, a good joke, strong wisdom, and unending support. You could count on her to be honest and a good listener. I will deeply miss her, as I know you all will, too.*
