

Janet Stoll Lee

October 2, 1959 - September 12, 2025

It is with great sadness that I announce the passing of the love of my life, my wife, Janet Stoll-Lee.

Janet passed into peace in the early morning hours of September 12, 2025, at the age of 65. Her passing followed a courageous battle with dementia that spanned more than six years.

Janet pursued every goal with fervent determination. Her unsinkable spirit, combined with her sharp intellect and talent as a communicator, catapulted her to prominence in the greater Fresno community.

Born in Detroit on October 2, 1959, Janet moved with her family to Fremont, California, in the early 1960s. Her parents were teachers in the Fremont Unified School District. Janet excelled in competitive swimming and forensics. In 1977, she graduated from high school at the top of her class at the age of 17.

The next fall, Janet enrolled at California State University, Fresno. She completed her degree program at an accelerated pace, graduating in 1980 with a bachelor of arts in radio and television news communication.

As a freshman at Fresno State, Janet landed her first broadcasting job as a

disc jockey for a Lemoore radio station. She went on to hold various commercial radio jobs in Hanford and Tulare.

In 1980 she joined Fresno's Fox 26 television station. For nearly two decades, Janet delivered the 10 O'Clock News to Fresno residents as a news anchor, managing editor, and reporter.

Janet had an unquenchable thirst for adventure. She fearlessly chased down news stories, even those that could put her in harm's way. She once said that she would eagerly travel on the first flight to Mars.

In 1998 she became the principal news anchor for News Radio KMPH (107.5 FM). She left the station in 2001 to serve the Clovis Police Department as its public information officer.

While at News Radio KMPH, Janet met her future husband, Jerry Lee, the station's traffic reporter. One day, on a whim, she asked Jerry if he'd like to play Skee Ball, a popular arcade game. He replied "yes," and off they went to the arcade. After that first date, they were inseparable.

It was rare to find Janet without a camera in her hand. As she and Jerry traveled to destinations around the world, she amassed thousands of photos, adding the title "photo journalist" to her list of accomplishments. Her photos routinely won top honors at the Big Fresno Fair.

In addition to her husband of 23 years (Jerry), Janet left behind her sister Marilyn Reed; niece Annalie Reed; nephew Jackson Reed; brother-in-law Gary Reed; and countless friends. She was preceded in death by her parents, Martin and Arlene Stoll.

Janet's sister Marilyn, along with Jerry's extended family of children and

grandchildren, nurtured and loved her throughout her illness.

The Lee household included an ever-growing clan of “fur children,” many of them strays that Janet adopted. Janet had tremendous compassion for animals. She became their staunch advocate, raising awareness of local animal shelters and mobilizing donor support.

Sweet Janet, we love you and will cherish you in our hearts forever. Rest in eternal peace, darling girl.

A Celebration of Life will be held at the Chapel of the Light on Friday, October 24, 2025. Interment will follow at Belmont Memorial Park.

“ Janet and I designed and shared in an individual study American Lit English class in 1975 with a young and energetic teacher, Barry Hottle. We wove in literature, poetry, music and important topics in America and society. In the background are school newspaper archives from the newsprint era. We didn't yet realize her career path!

“ When I first heard of Janet's recent passing I was in Napfljo Greece--near the famous amphitheater in Epidurus. Janet and I shared a love of languages and culture in high school, and of travels and family connections and stories in later life. I went that same night and lit a candle at the local Greek Orthodox Church in Napfljo--as I had for my Greek grandfather, grandmother and my own parents in his local village.

“ Dear Janet was indeed a light in every life she touched, and that was many many! She brought integrity, competence, passion and remarkable compassion to every personal and professional encounter and experience. I am eternally grateful for her friendship, and for all that she brought to all of us. Rest in grace and peace, dear friend.

“ So so sad. For years I watched her on the news. Met her once at the mall and she could not have been nicer. Gone way too soon. So happy she found true love.

“ I am so sad to hear of Janet's passing. I worked with Janet at Clovis PD when she was our PIO. Janet was always so nice and cheerful and just a joy to be with. I enjoyed working community events with Janet and watching her take photos of people at the event, greeting them with a smile, and sharing time with them. What a treasure she was.

“ Janet was a vivacious member of the Centerstage Clovis Community Theatre board for many years. Always ready to lend her talents and media expertise to building live theater in Clovis she was loved and respected by all who knew her. My condolences to the family. Rest well, my friend.

“ I first met Janet when I gave her a ride in my F-106 at the Fresno Air National Guard in the early 1980's. She was a young TV reporter. She absolutely loved being in the airplane and had no fear - she was up for whatever I could show her. (Unlike a few other civilians that I took up over the years). I would see her almost every Christmas time when she would cover the food distribution event I would do with my Clovis Rotary Club in concert with the Clovis PD and Clovis Unified. I always teased her about that airplane ride. She was a wonderful, vibrant person and I'm devastated to hear of her passing.

In the late 1970s, I worked with Janet at Y94 radio in Fresno. We used to speak German with each other, and occasionally would banter in Deutsch on the air. I was shocked to hear of her passing.

My deep sympathy and condolences to Jerry and the family. I worked at KMPH as a film editor back when Janet anchored the Ch 26 News. Just before most every live broadcast, Janet would dash through the lunch room, tiptoeing in her little high heels, and on into the studio (big smile, maybe a little giggle). With minutes to spare, she would be seated perfectly and deliver a cutting edge newscast. She got along with everyone and we all loved her. My few fond memories of working there include Janet. Godspeed, you lively, lovely lady. I'm thankful I got to know you.

I knew Janet when we were students at CSU Fresno back in the 1970's. I was so pleased to see her successful professional trajectory into broadcast journalism. Janet was always a very skilled oral communicator and I am not at all surprised that she had such a successful career. In addition to her many talents, Janet was a gracious and supportive friend and although she was always one of the smartest people around she never sought to exploit the limelight. She was a tremendous encourager of others. I am deeply saddened by her passing and my thoughts and prayers are with her beloved spouse and others she left behind.
