We sit here and ponder how very much we like to talk with you today. There are so many things that we didn't get to say. With our hearts hurting we could say good by. Our sister, my daughter, I know how much you care for us and how much we care for you each time we think of you. We know you'll miss us too. An angel came and took you by the hand, and said your place was ready in heaven, far above... and you had to leave behind, all those you dearly loved. You had so much to live for, you had so much to do... It still seems impossible that God was taking you.

And though your life on earth is past, in Heaven it starts anew.

You'll live for all eternity, just as God has promised you.

And though you've walked through Heaven's gate we're never far apart, for every time we think of you you're right here, deep within my heart. We thank you for all your love and ask from you to send us kisses and hugs from up above.
