JOSEPH WAYNE SHADRICK DAIGLE 01.06.1972 – 11.07.2024

It is with profound sadness that we announce the passing of Joseph “Shad” Daigle, beloved father, fiancé, son, brother, brother-in-law, uncle, nephew, cousin, and friend, who left this world on November 7th, 2024, at the age of 52. Joseph's spirit was a radiant light in the lives of those who knew him, a kind soul whose infectious laughter and warmth touched countless hearts.

Joseph enjoyed many unique occupations such as being a bartender in different restaurants and bars in Fresno and Clovis. He was employed as an Information Technologist Specialist, by both Fresno and Madera Counties. Lastly, he was the business owner of AITexam.com, a practice testing website for both state and national Licensed Nursing Home Administrator exams.

He was born on January 6, 1972, to Wayne and Geri Daigle at NAS Quonset Point, Rhode Island. In 1995 Geri married David Morris and Joseph became David's stepson. Joseph and David loved to talk about their fishing adventures. As fishing anglers, they could tell some pretty tall tales!

Joseph was the proud father of two beautiful daughters, Mazzy and Mia, whom he adored with all his heart. He dedicated his life to fostering their dreams and aspirations, striving always to provide them with the best

opportunities and unconditional love. He reveled in their laughter and cherished every moment with them, creating memories that will forever live on in their hearts.

He was a loving brother and brother-in-law to Luis and Emily Venegas and Nathan Morris. Joseph shared a close and supportive bond with them, filled with playful banter, love, and understanding. As an uncle, he showered his nieces and nephews—Anthony, Mila, Elaina, and Ramon—with affection and joy. His playful spirit and engaging stories inspired many moments of laughter and creativity.

Joseph leaves his fiancé, Linda Caudillo, with many happy fond memories together. He loved to tease her with his practical jokes and shenanigans. Although their time together may have been short, they treasured every moment they spent with one another.

A dreamer at heart, Joseph was innovative and intelligent, with a curious mind that thrived on exploration and knowledge. He had a deep love for animals, and his compassion extended not only to his family but also to the furry friends who shared in his life. His love for YouTube videos and Pod Casts was a testament to his desire to learn, entertain, and connect with others, spending hours immersed in content that brought him joy.

Joseph's legacy will be one of kindness, laughter, and the unwavering love he gave to his daughters and family. He had a unique ability to bring smiles to others' faces, leaving behind a profound impact on everyone who crossed his path. Though his too-short life has ended, the love he shared and the joy he spread will echo on in our hearts forever.

Rest in peace, dear Joseph. You will be deeply missed but never forgotten. Your light continues to shine in the lives of your daughters, family and all who

loved you.

In Life, Joseph gave his Love to his family and friends.

In Death, as a donor, he gave the Gift of Sight to a stranger.

There is so much that I learned from you and still had to learn. I hope that I get the opportunity to catch up to you on the other side and continue this friendship. I miss you Joe

“ What can I say? When my nephew came into my world, he was the cutest little boy I thought I'd ever seen. At two yrs old, he was full of laughter and pranks, always happy. If Shad wasn't at my house, Stacey and Erik, were at his. The three of them spent lots of fun times riding bikes and skateboarding together. In fact, Shad was Erik's bestie for lots of years. The two of them had many good times together and some not so good times together! So many memories of younger times together. Too many memories to really call one better than the other. When Shad was in trouble, he made it hard for anyone to stay mad at him. He'd just say something silly and both of you would start laughing. He was quite a guy and I miss talking to him. He knew how to push all the buttons you have when he wanted to, just so he had something to tell his friends about and laugh about it. I love you, dude, and I'm sorry you had to leave us so soon. I'm glad you aren't hurting any longer. May you stay safe and pain free until we see each other again! Just remember that we all love and miss you so much. The world has lost another good person with you gone.....the world should have gotten to know you better. Everyone would have loved you too! Your favorite Aunt
