“ *Thanks for the pictures Bill. I had the pleasure of knowing your mom for about 30 years. I met Joyce when she was working at Fresno State. I then became more acquainted at a small local gym where she worked out and she became my nail client for the passed 30 years. I watched Joyce in her performances at city college. Joyce and I have had a special relationship over the years every 2 weeks as I watched her go through many trials and tribulations as we do in life. As her husband became ill and she had to place him as she could no longer care for him, very difficult times to have to see your spouse in that condition. As she moved to the retirement facility the Wyndham and was very active in many activities there. Joyce loved her church St. Paul Newman Center until she felt she could not attend anymore. Joyce loved her family so much and now you will not have to suffer any more Joyce, you are with Jesus. I will cherish are times together and I will miss you.*

*Bill you have done a wonderful job taking care of your mom's needs and please don't forget you did the best you could with each and every challenge you where faced with in the care of your mom.
Peace be wit you!*
