“ I have over 54 years of memories with this woman we met at McLane high school during the summer of 1971, and we stayed together since that time I guess you could say LOVE at first sight, she blessed me with two wonderful children Kenny and Michael it was hard but we made it. I do very much miss my Baby Girl, but I know she is in no pain anymore and it hurt me so to see her in pain and nothing I could do to help. She is now in the arms of the Lord and with our baby boy Mikey boy and her Mom so I know she will be in good hands . Rest on Baby Girl and I will see you in the next world, I won't be late I LOVE YOU then and forever .

Well baby girl on 27 of February we provided at your request to have a remembrance of life for you by Bryana and Lala, Rickki (who provided the food enchiladas, rice, and beans that you had stated you would like for us to have to remember .you) It was great and the people were sad to have to do that cause they knew they would never be blessed with your companionship or presence again as I, and the folks that showed up for it proved that you did touch lives in a blessed way and they will never forget you. Now time for you spend time with those that went before you and please give my love around missing you and I LOVE YOU ALWAYS Ken

“ The funniest memory I can think of right off would be back when Y2K was about to happen. She came home from work and was so serious about the fact that she figured out what we needed to do. We needed to change all the Ys to Ks. She had a sense of humor for sure. RiP mamma
