“ I meet Keith while working for SCP I used to be his rep and would go a visit him on a monthly basis. I remember being a little intimated at first because I just knew him when I just a delivery guy.

But as I got to know him he was a great guy and later we would meet at Pismo's for lunch his favorite spot.

When he first was in the Hospital I went to visit him there and just remember how grateful he was that I took the time to visit and he never let me forget that.

I have since moved to another position within the company so I had not seen him for a long while, I just knew he was looking to retire and sell the business. Well Keith you are free from all the headaches of the job and now pain free REST IN PEACE, my prayers and condolences go out to his wife and family!!!!

Sincerely Sam Caldera SCP

“ Keith and I grew up in Niles. What a great childhood. I remember Keith's Mom being so kind to me! Keith moved to Fresno in about 1967, I moved to San Jose in 1968 and was able to continue our friendship. I remember trips to Fresno to visit Keith, then he Keith came to San Jose. Great memories! Always easy to laugh, larger than life! God bless Keith and family!
