“ *Barney was such a sweet and interesting guy. We miss seeing him and Pat at events, especially at the Haun's. May the Lord be with them. Sending prayers of peace for the family.*
With love,

“ *I met Barney in 1953 when I went to work in the Norwalk station on Belmont and 10 th, where he was working. We have been good friends since, graduating from aRoosevelt high school together class of 1954.*

We have remained close friends since that time, seeing each other when we could. Since I moved to Stockton in 1973 we still stayed in close touch, by either seeing other or talking on the phone.

I last talked with him on the phone March 28 th, He will be greatly missed by both myself and my wife.
