*Larry rigged me up my first fishing pole with a branch from a tree and a line with a hook. We were at Cedar Creek in Cedar valley just past Oakhurst. Last time i saw him he reminded me of that and how i loved fishing. Then he told me about a great fishing spot up past friant, Skypark road maybe i don't recall. But i kept dreaming about him and i tried to find him so i could call him and then i see his obituary. RIP cousin i loved you then and i love you now. Rest easy now, your free, love you cousin Kim*

“ *cousin I haven't seen you in many years. Life kinda gets in the way  
like that. I remember all the good times we had on holidays at  
grandpa and grandma Thornhills house when we were young.  
Always loved you, your cousin Patsy Johnson*
