“ *Maria I wish I would of thought of thanking you before now but your friendship to my wife for the better part of 50 years, has been so rewarding and appreciated that words cannot describe. You were there for her whenever she needed you, you were there for her whether you were on the other side of the country or near, and I know it was mutual. She loved you with everything she had and is now mourning the loss but now I know she has someone looking down and watching over her. Rest in peace Maria, no more pain, no more suffering. Love you and Thank you!*

“ Thank you Maria, for being there and letting me know when openings became open in the advocate office, when you returned to Fresno. I followed you from customer service to there. You guided me and showed me the way. I will truly miss you so much. Your kind ways and big heart. Your love for your family and sports. You will always be a friend I remember good times with. Now you will be able to rest and feel, no more pain.

“ Maria even though we did not get to spend a lot of time together at work or outside of work all I have to say that every encounter I had with you was amazing. You always had the time to ask me, how are you How is everything going, how are things with you. It was wonderful to have cross paths with you in my life. Thank you, until we meet again. Rest In Peace dear friend. God bless your family during these difficult times.

“ We so miss your presence already, but are comforted to know your struggles are gone. You were an inspiration to me during your illness the way you persevered and hung on to a positive when you could. You have a strong will. I as well as the kids will always carry you in our hearts. Thank you...Love You. Till we meet again

“ Fea, you took me under your wing & never let me go. I owe you for never turning your back on me when it felt like everyone had. You were my bestie, my partner in crime, my symposium buddies, my work neighbor, but most importantly, my Best Friend, My Fea!!! Remember going to the Prince concert with me? Always at the thrift stores, CVS, getting our Diet Pepsi's, talking sports. What a wonderful 20 years of your life you shared with me, welcoming me into your family & life. My love for you friend is something I will always have. Rest easy Fea, no more hurt or pain. Until we meet again, Fea, I'll be thinking about u & try to treat everyone as you did, with respect!!! Here's to Friday coffee walks!!!! Miss you girl, thanks for being my comadre!!!!
