“ *My condolences go out to Mitty s family and friends. Mitty had a special heart. She was honest and new how to be a friend. One of the memories I will always keep, I would like to tell everyone because that's who she was. Back in July 2014, we were having a family BBQ-family gatherin with food and fireworks. Mitty had just got released from the hospital that day. She not only made the special effort to come over right after she was released from the hospital. She had to stop by the store to get my favorite pie, Turtle Pie. It didn't matter how she physically felt, she didn't complain. Mitty grew up off and on in life with my eldest daughter Tanya and my niece Tina. So there were times i was around her too. Taking her out to eat was a challenge. She couldnt see very well and held on to one of us. We went to a friends baby shower. one of the games was to change a babies diaper. We didnt have to use the blind fold on her. She did such a good job, she won the game. From my heart to yours Mitty fly high with the Angels my friend. U will always be remembered.....Pamela Ford*
