“ *Naty was one of the most caring and loving people we know. For many years she took care of our parents Hylda and Fred and provided such an excellent quality of life for them. Caregiver, nurse, waitress, cook, housekeeper, comic, confidant, friend, and family. We called her our angel. Our lives have been forever enriched because we knew her. Our sympathies to her wonderful family. Naty will always be with us in our hearts.*

“ I don't remember a day without you in my life. My memories of you will always remain the happiest times of my life. You have always reminded me to only see the good in others when my heart is filled with anger. You have thought me everything I know in life. From caring about family to a stranger I know nothing about. You have thought me how to forgive even the if the wound is deeper than the sea. You have constantly reminded me how much we mean to you and how your purpose in life is to take care of us, your kids and tatay.

The pain I am feeling is due to the huge hole in my heart because you are no longer around for me to hold, but the pain will get better in time, I promise.

You have been promoted and it is time to finally join God together with your tatay and the rest of our family. You are now my ANGEL. I will miss the worlds most beautiful smile. But please know that I will always have you in my heart and I promise to do everything according to how you would do things. I will smile everyday despite of your absence because I know that is how you would always want me to be. I will smile because you are no longer in pain and in the best place possible.

Rest in paradise mama, your legacy will continue and the love you shared will forever be remembered. You will surely be missed but will never be forgotten.

I love you so much!
