“ *It's still hard to believe and accept my friend Trish is gone. I can't just text her "Poncho what are you doing" anymore or hear her laughter. My closets friend, my only friend she was my family. Always there for me with her door open no matter what. Trish when you moved I felt lonely as if my best friend moved far away and I'm sorry my visits became less and less... Missing You*

“ *A few years ago I found myself homeless, alone with a one year old baby to take care of. Patricia took us in off the streets and helped me take care of ruby like she was her own. Without Trisha I don't know what would have happened to Ruby but I am and forever will be grateful for Trisha.*

Ruby says she loves you and she misses you forever.
