“ My wonderful mom, she such a strong person, after 6 years battle with pneumonia, pulmonary fibrosis, and heart troubles, my mom health gradually started to become more advanced and aggressive, but she manage to pull through it. Until feb. 16th. 2016, heaven called and your wings were ready but my heart was not. You gave me so much memories. Just know mom, you did not go through it alone, my pain I feel with you. We been through so much together. You took part of my heart when your soul left us. Forever you will stay with me and your grandkids. I miss you so much it hurts. And now I have to learn how to live without you, just memories and pictures. My heart aches for you to return to us one day. But I know you are in a better place. Please rest easy mom, may you cross into heaven and have peace and find comfort. Please watch over us for you are now our angel. I will continue to pray for you and hope to see you in my dreams and until we shall meet again mom, bless your heart. Take care up there. We love you miss you. Hugs and kisses all the way to heaven.

“ My loving mommy,  
this day would mark 100 days without you. My heart aches every single day, not a dry eye every moment I think of you.  
I miss you mom, although you r soul is at rest and your body free from pain, the world would be like heaven if I had you back again. Your always in my thoughts no matter where I go, always in my heart, because I love you so.  
However long my life might last, whatever land I view, whatever joy or grief is mine, I still remember you. I REALLY MISS YOU MOMMY. LOVE YOU FOREVER AND ALWAYS. HUGS AND KISSES FOR YOU TODAY AND ALWAYS.

ALL MY LOVE,  
YOUR DAUGHTER
