“ My baby cousin Jr. I'll start by saying that I love you! I've known you all your life. You have always been so kind to me offering everything you had didn't matter how big or small it was. You were you even at the hospital when I will be by your side you gave me everything from your chips, candy, drinks, chocolate protein shake, and blueberries. I miss you beyond words Jr. I will hold on to our last conversation forever. You are very special to all of us ☐ I never met someone so strong like you even after everything you went through you always stood up tall and I can only hope you give us all the strength we need. To me you will be that little kid I would watch over and take care of when I would live with you. 28 years of you was not enough we needed more. Your last words to me were "I love you more" when in reality I love you even more Jr.

“ We met Junior when we met his amazing family as our neighbor in Oct 2018! Who have now became family to us! So many memories of you Junior and always smiling. Or sometimes a pain in the butt!! In March you picked up one of the puppies by their neck hair and I got upset! You said well that's how his mama picks him up!! lol you were to much! Then we were blessed to talk to you in the hospital before god took you home and we shared some laughs!! Rest in the arms of our lord Junior til we all meet again! Thank you for being you
