

Robert I. Carpenter

July 5, 1970 - January 22, 2025

Bobby was born July 5, 1970 and lived more in his short life than most of us could hope to in a hundred years. Bobby's parents, Yvonne and Allan were Sooooo very proud of all his accomplishments.

We were so blessed when he entered the world in typical Bobby fashion - in his own time and his own way that July 5th.

Bobby was a beautiful soul and his sparkling brilliance and bright light shone so bright he lit up Any room he walked into. He was such a gift to us all but most especially to Sherry, Chris and Austin as Austin's Godfather.

Bobby was a glue that made our family happy every single day. He gave his whole heart to everyone he cared about and had a passion for his family being very protective of his sister Sherry. He loved his aunts, uncles, cousins and grandparents so deeply. Bobby was the best friend and quiet leader among his group of amazing friends. Bobby loved his Godson more than anything. He just glowed whenever they were together! He was always so thankful for his Family and Kim. He mentored and role modeled how to finally put a family together for himself.

Bobby was at his happiest and never showed the stress he carried. He went

to Elementary School in Davie, FL for the braille, Middle and High School in Los Angeles where "Hallelujah" learned to actually write instead of the braille he had already learned. Later, Bobby took Classes at Santa Monica College in Broadcasting and worked at their version of "NPR". He enjoyed many things in his short time with us. When not at work he enjoyed music, doing crafts, hanging out with his friends, traveling and spending time with family! He was such a well rounded individual!

Bobby took on the battle and who fought firmly and with good energy against homeless with grace and courage helping many in the Fresno Community. He never asked "why me". He understood with more knowledge than any human should ever possess.... I always said "yeah, yeah " as a Retired Medic of 30 years I thought I'd seen it all. We were blessed to have the most amazing loved one. We will be forever grateful for Bobby AKA: Robert Ducky Carpenter his Stage name and Security Cover.

He will Always be Bobby to his Family. "Whatever GOD says is okay with me. It's in his hands."

Bobby was a wonderful Spouse to Kim Murphy of 18 years. Bobby leaves behind his Spouse Kim Murphy, his Sister Sherry, brother in law Chris, Step Brother Larry and family, his Godson Austin Elliot. Many friends and relatives.

Mother never allowed us into drugs or paraphernalia, made sure we worked hard at school and Hard at an upstanding living. My "Bubby" taught me to live every day as the best day loyalty is money!

In support of a very special person to us Bubby

Please support Kim at: www.mealtrain.com/trains/77mrz9

For everything you stand up for to hold us together, being thee Best Godfather there is on earth...countless times you dropped Everything to help your

Godson through rough times having Sis take a breath and repeat to him with "To the moon and Back". You would've been the best father ever!

Now we are looking at those who will have time to read this post until the end.

This is a small request, just to see who knew our "Sweet Boo-boo" as our Mother lovingly called him, I was there when you came in this world. My most beautiful moments in thinking of Bobby

I am grateful for our 54 Years Together, "You are my Rock of Gibraltar"...

peace be yours.

“ I know this well Bobby:
Grief of this kind is a testament to the impact they had on our life, and on the lives of many others. When someone of these statues passes, it isn't just the loss of a man—it's the rupture of a pillar, a figure who carried weight that others leaned upon like my brother's, yours. The sorrow feels unbearable precisely because he embodied responsibility and Conviction, because he lived in a way that called others to stand taller and does not vanish—their example echoes. Not truer words.

I dated Robert for several months when I was 18 years old. He was always a kind person and a gentleman. I'd wondered what happened to him, and a google search showed he had died last year. I am glad to hear he had a good life these last 30 plus years and continued to love and be well loved. I pray for comfort for his wife and loved ones. He was a good dude.

“ He was always “Robert” to me. My best friend at Hamilton High School. He was a senior and I was a junior, but we were always hanging out together. What a kind and free spirit he was! Such fond memories of late night walks through Westwood Village harmonizing Depeche Mode. And the tragic memory of waiting for Robert to show up at my house on his 90cc trailbike one morning, but he never did...I found out later that day he was involved in a terrible accident on the way to my house that left him severely injured. But even that couldn't shake his great attitude. I unfortunately lost touch with Robert within a few years after high school but I thought of him often. I'm so grateful to have shared those years of friendship with Robert.
