“ Happy Mother's Day mom just wanted to say how much I miss you and always thinking about you. I know if you were still here you'll be saying better have a job and that's all I been doing since you been gone. I love you and miss you just know I'm doing good

“ My grandma was the best anyone can have. Her love ran so deep with me, no matter how bad I was. I crashed my mom's car at the age of 13 but was never punished because I hid behind my grandma and she didn't allow my mom to hit me. Just goes to show how deep her love was for me. Every Friday she took me out to eat McDonald's and buy a Batman toy from toys r us. She was my best friend when I felt I had no one. We always used to say I love you to eachother but when I said I love you back she would say "I love you more" I would say "no love you more" and she would say "I love you to infinity and beyond" I miss and love you grandma  
- love your grandson Xavier  
P.s. I love you to infinity and beyond!!!❤️
