“ My condolences to the dear family and friends of Apo; I am truly blessed to know him. We will all be together again enjoying his ancient spiritual wisdom - across the river - in the twinkling of an eye; how exciting for us all!

In 2005 Apo and I met upon me being introduced to him as a multi - award winning record producer from Music City. He and I agreed to try against stiff odds to record his "WWII set to music" concept album. He played his guitar and sang his brilliant, emotional songs as in my mind I could hear a lavish, timeless masterpiece set in Einstein's Universal language - music. I wrote out charts, attempting to lay the ground work - to an idea too extravagant for our budget. Apo's generous offer to me was to teach me Eskrima as often as feasible. I'd surrounded myself with genius my entire life; and loved every hour of the hundreds God placed us together in. Apo shewd me things no one else would've - or could have. I spent countless hours helping him repair and maintain his properties; he was too proud to ask for help - and he and his wife were happy to have the most meager of accoutrements.

When I was recently in a 5-week coma; Purgatory, between life and death - Apo appeared in the Throne room as a dazzling white Angel, lobbying our Heavenly Father on my behalf, a remarkable vision!

The "flip side of the coin" was his humility. He so loved America that he wanted to legally change his name to "Fresno California"!

I love you, Apo, and will be breaking bread with you again, sooner than later...
