

## Steven Allen Dennis

September 8, 1952 - March 11, 2026

Steven Allen Dennis was born on September 8th, 1952, and passed away on Wednesday, March 11th, 2026, at the age of 73. He is survived by his loving wife, Christine Dennis, his brother Dave Dennis, his children Jason Day, Shelene Larsen, Alissa Roemer, Bobby Dennis and his 9 grandchildren.

Steve was a lifelong carpenter—his passion, his craft, and something he truly excelled at. He worked for Wilson Homes as the Framing Superintendent from 1990 to 2000. Knowing the kind of man Steve was, he knew he had more to offer the world, so he earned his contractor's license and founded Dennis Construction. As the owner, he worked closely with his son Jason, which was time he treasured; together they built beautiful custom homes.

He enjoyed riding his motorcycle and spending time with his many German Shepherds. A perfectionist at heart, he loved camping and riding his ATV through the sand dunes with the love of his life. Handy around the home, Steve could fix just about anything.

Though he carried a rough exterior and a tough-guy persona, those who truly knew him saw the depth of his heart—he loved more deeply than any man. He was completely devoted to his soulmate and wife, Chris. His love for his children was immense, but the only thing he cherished more was his grandchildren. Being a grandfather brought him unmatched joy, and his face

would brighten the moment he saw them.

Steve was a brilliant, capable, and loving man who will be deeply missed. Those who had the honor of knowing him are better people because of it. His legacy will live on through the love he gave, the homes he built, and the lives he touched.
