“Tino and I have so many memories it’s hard to choose one from working our first job together during high school at Pacifica Pizza to adulthood and becoming fathers, everytime you were around Tino it was a fun time. He taught me a lot about cars, music, sound systems in which is a big part of who I am today. He was an amazing friend if there was anytime I needed him no matter what time of the day or night he would show up. I’m going to miss my brother.
