“ *MY OPTIMISM CREED*
By Victoria Seib Behm

Promise yourself:

To be so strong that nothing can disturb your peace of mind.

To talk about health, happiness and prosperity to every person you meet.

To make all your friends feel there is something worthwhile in them.

To look at the sunny side of everything and make your optimism come true.

To think only of the best, and to expect only the best.

To be just as enthusiastic about the success of others as you are about your own.

To forget the mistakes of the past, and press on to greater achievements of the future.

To wear a cheerful expression at all times and give a smile to every living creature you meet.

To give so much time to improving yourself that you have no time to criticize others.

To live in faith that the whole world is on your side so long as you are true to the best is within you.
